"MCUM's continued involvement in improving the quality of life for children, individuals, and families in Monroe County is almost a miracle: devoted staff teaching, guiding, interacting with so many people in the course of a year. Each year there are, at least from my perspective, countless grant applications, juggling with vouchers for the children in our child care, arranging for volunteers to help in giving and gathering food for delivery to those most in need. I marvel at how all these 'balls' are kept in the air, how we manage to end the year in the black, see our investments grow, in part insuring our future. And I delight in knowing that in 2014 we will again have Puffins in childcare."

Mary Ellen Brown has served as board president since January 2012.

MCUM'S MISSION STATEMENT:

Monroe County United Ministries is a nurturing organization serving working families and those in distress by assisting with emergency needs and subsidized childcare. We provide quality education and a safe place for children, basic needs assistance for the poor and community service opportunities.

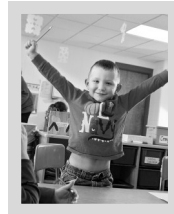

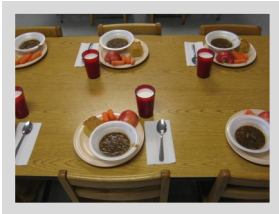

MCUM's Programs

Affordable Childcare:

Supporters of Monroe County United Ministries believe that quality early childhood education should be accessible to all, regardless of income. MCUM is one of only eight childcare centers accredited by the National Association for the Education of Young Children in Monroe County, and it is the *only* center whose primary mission is to serve low-income families. MCUM's investment in young children benefits not only young preschoolers but the community as a whole. Studies show that literacy-rich care improves a child's chances of later success in school and in life. Benefits are seen in improved graduation rates, higher earning potential, reduced incarceration rates, and higher rates of civic participation. These are the outcomes your contributions of time, energy, and money support.

In 2013, 111 preschool children benefited from MCUM's licensed and accredited Childcare Program. These children developed literacy skills, mastered science concepts, learned English as a second language, explored interpersonal relationships, investigated the natural world, developed motor skills, and much more during their time in the program.

In addition to providing care for children, the MCUM Childcare Program strives to provide comprehensive services for families. In 2013, these efforts included flu shots and lead screenings, dental cleanings, Christmas assistance for interested families, and referrals to other services in the community. Your support also impacts preschoolers' parents and guardians, who are able to maintain steady employment knowing that their children's care is safe and reliable. They received support in guiding their children's education and preparing them for life after MCUM. It was a successful year for our program, simply because childcare families had remarkable support from community members like you.

Emergency Services:

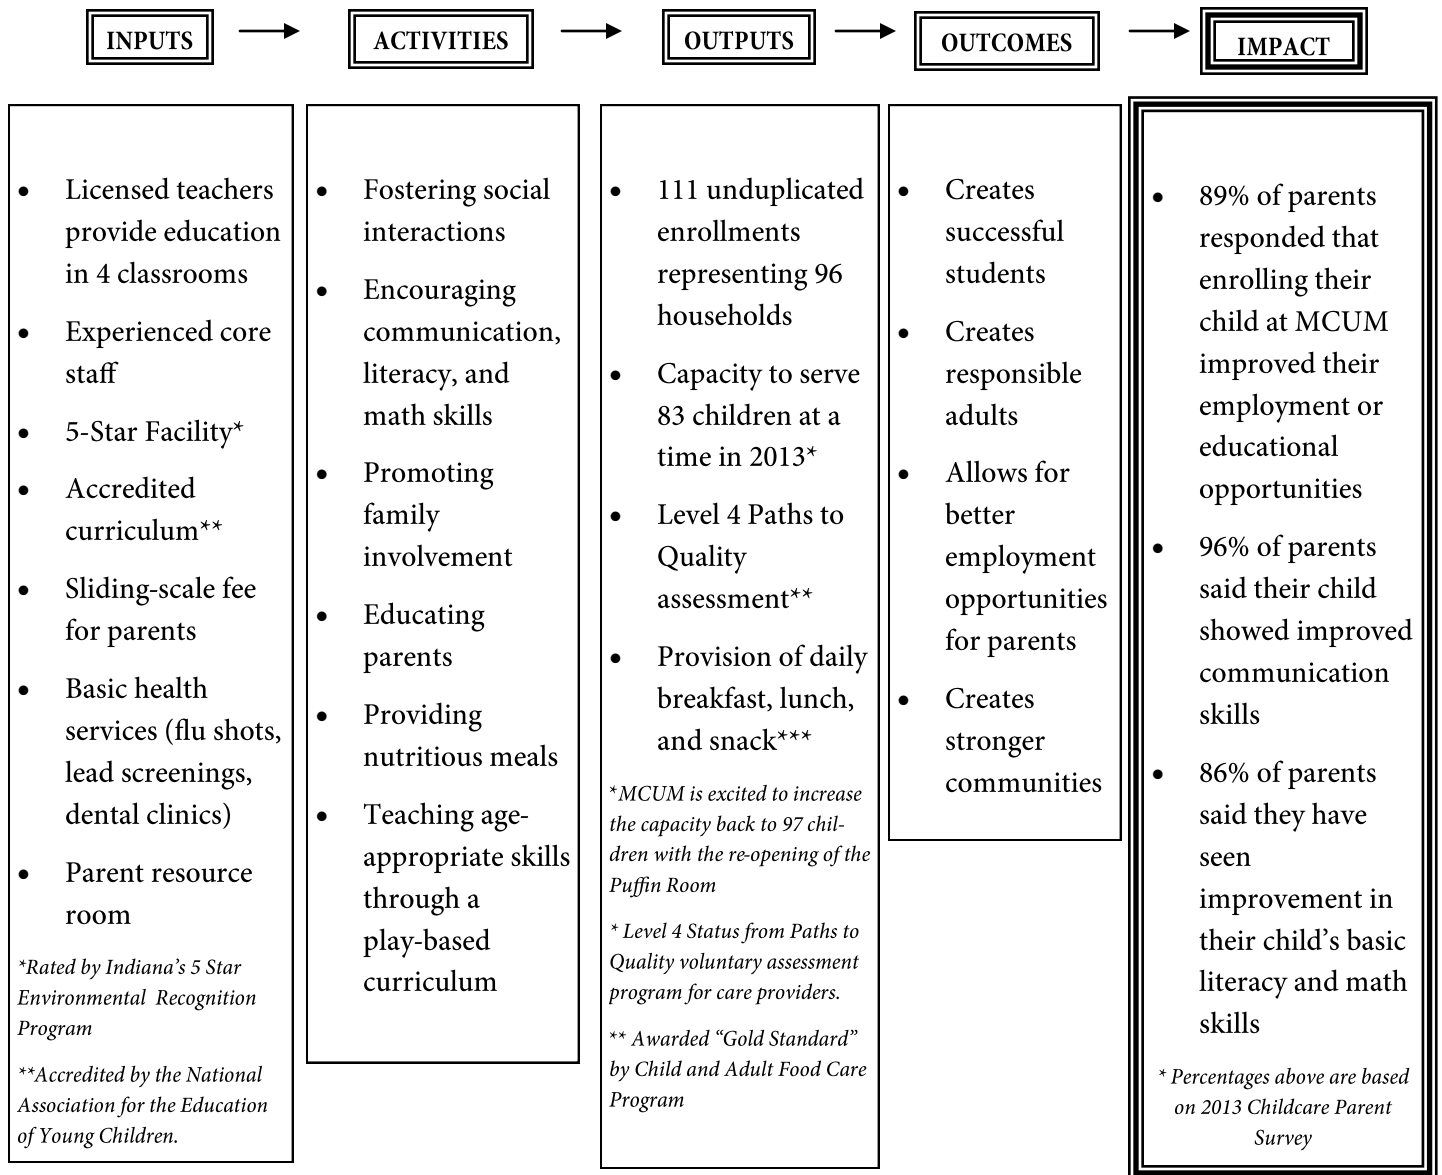

With two caseworkers and meaningful community support, Monroe County United Ministries' Emergency Services Program provides basic needs assistance to people in financial crisis. A crisis may be brought on by unemployment, illness, injury, or an unexpected expense. Regardless of the cause, MCUM staff work to help people through difficult times.

In 2013, the Emergency Services Program provided essential assistance to 1,032 local families. MCUM provided these families with assistance in the form of food, cleaning supplies, and hygiene items, engaged them in finding solutions to their challenges, and supported them in their return to self-sufficiency.

This program is made possible through the donation of food, cleaning supplies, hygiene items, clothing, and household items to MCUM and Opportunity House. In 2013, the Emergency Food Pantry received 63,866 pounds of donated items. MCUM appreciates the support the pantry receives from individuals, congregations, clubs, schools, and businesses.

The Programs: Affordable Childcare

Taking a closer look at the inner-workings of MCUM's Childcare Program

"MCUM is an outstanding facility and we feel so fortunate that my son has been part of this organization!"

- MCUM Parent, 2013

MCUM's Childcare Program engages young preschoolers in age-appropriate learning that prepares them for success in the school system.

The Programs: Affordable Childcare

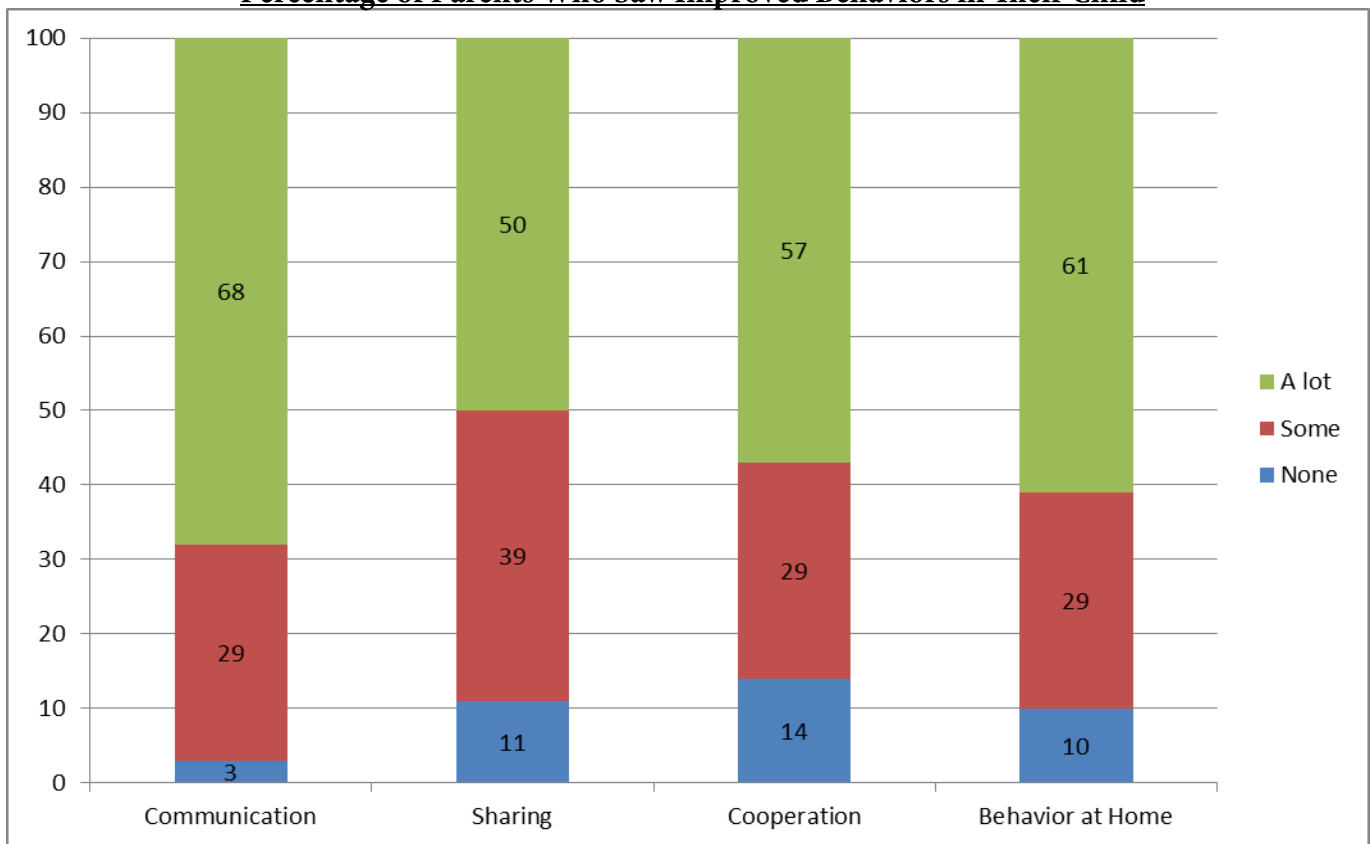

In 2013, MCUM staff surveyed parents about the **impact** MCUM's Childcare Program had on their children.

Parents responded that they saw improvements in:

- The quality of family time at home
- Their child's understanding of basic literacy & math
- Their (parents') employment or education opportunities*

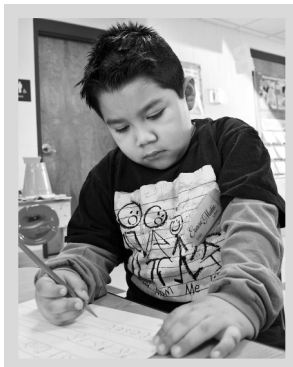

** A lack of affordable childcare options can be a major barrier to parents' employment*

Percentage of Parents Who Saw Improved Behaviors in Their Child

"I've noticed a great change in my child's attitude since starting at MCUM!"

- MCUM Parent, 2013

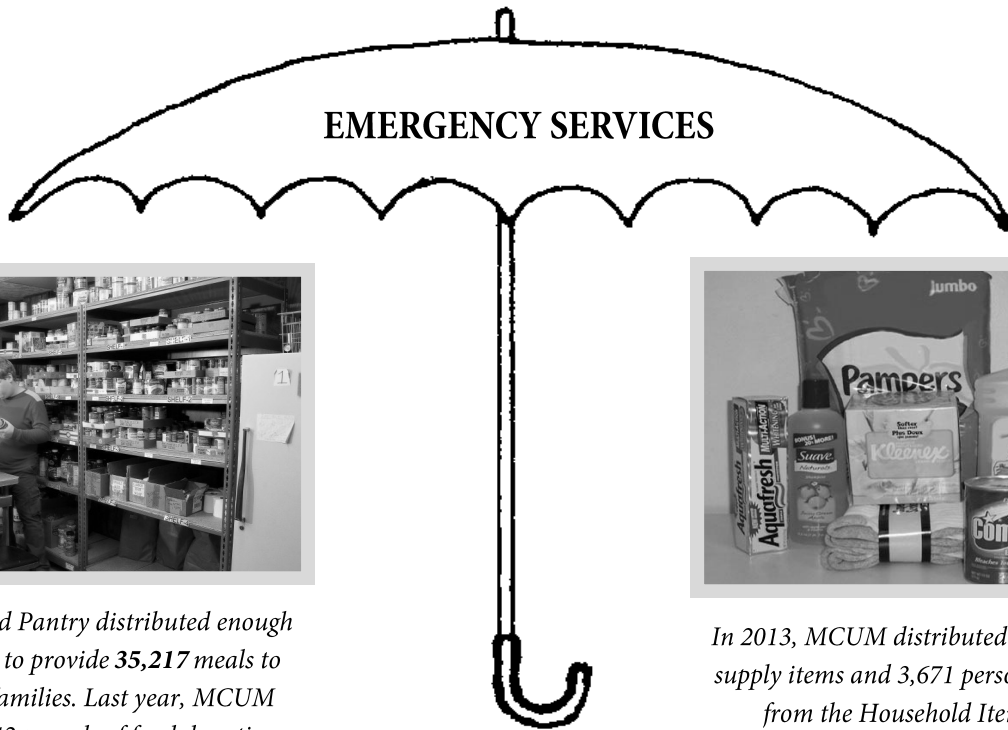

Outcomes of High-Quality, Affordable Childcare

- (1) *Creates successful students:* increases high-school graduation rates, helps children do better on standardized tests, reduces grade repetition, and reduces the number of children placed in special education programs.
- (2) *Creates responsible adults:* reduces crime, lowers rate of teen pregnancy, leads to better employment as adults, increases family stability.
- (3) *Allows for improved employment of parents:* removes a major barrier to employment, allows parents to continue their education and improve their employment prospects.
- (4) *Creates stronger communities:* reduces demand on welfare services, reduces rate of incarceration, increases rate of civic participation and voting.

The Programs: Emergency Services

Monroe County United Ministries provides basic needs assistance for Monroe County residents in crisis. Assistance may come in the form of food, clothing, household items, cleaning supplies, hygiene items, bus tickets, new socks and underwear, diapers, financial assistance to prevent utility shut-off or eviction, and referrals to other services.

MCUM's Food Pantry distributed enough food in 2013 to provide 35,217 meals to vulnerable families. Last year, MCUM received 58,642 pounds of food donations.

In 2013, MCUM distributed 1,171 cleaning supply items and 3,671 personal care items from the Household Items Closet.

MCUM distributed \$18,845 in rent assistance and \$1,951 in utilities assistance in 2013, preventing homelessness or utility shut-off for 68 families.

Did you know? A Closer Look at MCUM's Food Pantry!

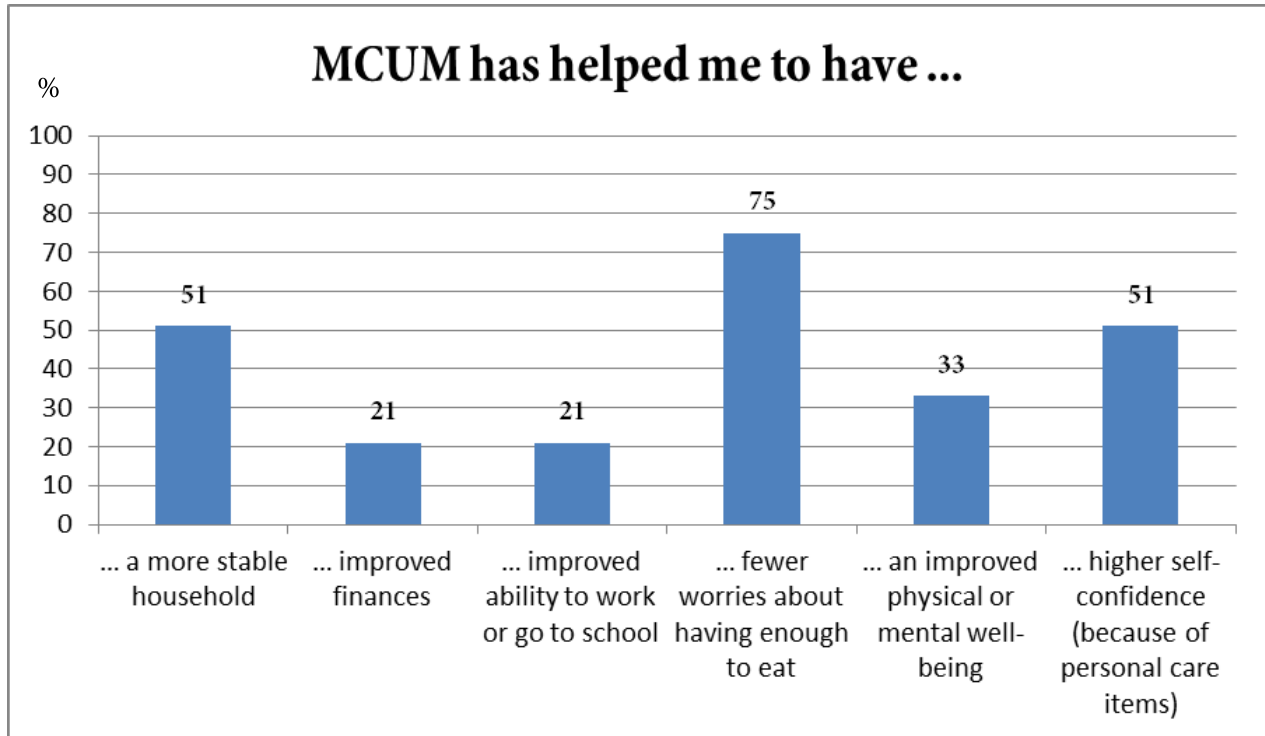

In Monroe County, demand for this type of service has increased greatly in recent years. In 2004, MCUM received 1,887 requests for assistance. In 2013, that number was 2,673. For years, the Emergency Food Pantry distributed a five-day supply of food (three meals a day for each person in the household for five days) to households seeking assistance. A few years ago, the demand for food assistance had grown so significantly that the pantry had to reduce the amount of food given to each family or face running out of food. Today, the pantry distributes a three-day supply of food to those in need. This reduction has impacted MCUM's ability to assist people financially and nutritionally, but the agency is still able to fill a short-term need for food and prevent hunger in a crisis. **Your loyal, consistent support helps MCUM move toward the goal of once again distributing five-day supplies of food.**

Emergency Services Outputs in 2013:

35,217 meals
3,671 personal care items
1,171 cleaning supply items
2,367 Opportunity House vouchers
47 bus tickets
\$18,845 in rent assistance
\$1,951 in utilities assistance

The Programs: Emergency Services

Emergency Services clients were asked to complete a survey of their experience with MCUM's program. In 2013, survey results indicated that MCUM's Emergency Services Program had a profound impact on clients' ability to get back on their feet after a crisis threatened their financial security. Of those who completed the survey, 93% of clients said MCUM's services met their needs. The majority of clients ranked MCUM as their **first choice food source** and **first choice for clothing**.

In a Client's Shoes: Perspective on MCUM's Impact

Ariel got off the bus and arrived at MCUM on time for her appointment to discuss rent assistance. Originally from Texas, Ariel moved to Bloomington two years ago to assist her twin girls with school and other needs. Ariel has cared for the girls since her husband passed away in the line of duty. The girls now both attend college, and Ariel is also pursuing further education.

In addition to going to school, Ariel works 30 hours per week at a retail job to support her family. Still, meeting monthly needs is difficult. Last month, a major health concern meant that Ariel spent more than \$1,000 out-of-pocket for medical expenses. With an already-tight budget and unexpected illness, Ariel missed paying a month's rent and faced a negative bank balance. She owed additional late fees and her landlord was going to file for eviction by the end of the month.

Ariel came to her appointment with a plan: she would work to save money between her new paychecks and VA benefits so she could pay the rest of her bills at the end of the month and get her family back on track. In the meantime, she needed help with her overdue rent to avoid additional charges (filing fees, court costs, attorney fees) if her landlord filed for eviction. MCUM was able to offer temporary financial assistance to get Ariel's family through the month and prevent expenses from snowballing out of control.
